PASSOVER From the human to the Divine

Beloved Children:

As the Holy Ascended Masters stressed the fact at the Easter Class of 1958 that some of the chelas were making the Spiritual Passover from human concepts into Divine Freedom, I bring to your remembrance, some few details of the first Passover, lead by Moses, which could have been accomplished in seven years rather than forty if those he had freed were not so vacillating and discontented during their journey.

Make not the same error now. (Moses has since Ascended and is the God of Happyness - Lord Ling.

Again you are on "The Bridge" - Passing Over from the human to the Divine, fluctuating between Faith and despair. Beware, let no human concept of any individual keep you from entering The Promised Land. Your sturdy feet have walked a spiritual path of pioneering. You, My beloved little band, are now passing over"The Bridge" from the human to The Divine - through this final journey, when you are forced by circumstances to make your own Free will decisions - you can have your own Victory.

To you, hearts of Mine, who yet have a great service to render in leading souls across "The Bridge" I send My greetings of Love and Light and Blessings and - most important - of Peace. But beware of seeming human dictators! (like unto Egyptian Pharoahs!
